

IPC ERFA meeting June 6, 2012

Held at HYTEK, Sofievej 61, 9000 Aalborg

Agenda:

- 10:00 Welcome
- By Alex Christensen, HYTEK
- 10:05 Fake / pirate components
- Counterfeiting is clearly a growing problem in many industries, including electronics, around the world.
 - As the financial impact of counterfeiting has grown over the years, so has the attention that has been devoted to it by everyone from packaging, assembly, and test engineers to procurement and quality personnel.
 - Today, many feel that counterfeiting is the number one issue that threatens the electronics supply chain
 - By Torgrim Nordhus, Norautron
- 11:00 How to use IPC-1601 - Printed board handling and storage guideline in the companies
- By Jesper Konge, Gåsdal Bygningsindustri
- 11:30 Lunch
- 12:30 IPC's history and organization
IPC in the future
IPC/WHMA-A-620 revision B
- Requirements and Acceptance for Cable and Wire Harness Assemblies
 - Training program
- Special space addendum for IPC J-STD-001 and IPC/WHMA-A-620
Questions for Jack Crawford (prepare good questions - Jack has a strong background on electronics assembly and is knowledgeable about many other IPC standards)
- By Jack Crawford, IPC Director Certification and Technology, IPC
- 14:00 Discussions in groups
- 14:30 Evaluation of group discussions
- 14:45 AOB
